

Classic Custom Wally Watt

Thank you for your interest in *Wally Watt*, Inc. aluminum storage buildings. We are proud to be a sixty-five-year-old, second generation, family owned and operated company. At *Wally Watt*, Inc., we look forward to serving you.

Wally Watt seven-foot residential buildings come standard with the following features:

Floor system: pressure treated 2"x 4" placed every 16" on center, finished with 5/8" exterior grade plywood.

Door construction and selection: we offer either single or double door options. The standard door size is 34"x 70". Our aluminum-reinforced doors are finished with real wood paneling. Full-length hinges allow the doors to open outwards. Our doors are complete with a check chain assembly, doorstops, key locks and two keys.

Accessories: Pegboard, shelves and door decorations are standard features. The building colors are Cream or White and the trim colors are White, Black, Cream and Brown.
